## Empfehlung für Sprachunterricht

To whom it may concern,

I am pleased to wholeheartedly recommend Ms. Martina Ute Schnur as a language teacher. Over the past years, she has significantly supported our company by intensively assisting many of our employees, from trainees to leading roles, in learning the German language.

Her program and approach are always precisely tailored to the suit specific situation and linguistic background of her students, enabling a seamless integration of language training and our team members' daily work routine. Our team greatly enjoy working with Ms. Schnur and consistently showed success in both passing compulsory exams and their professional development.

Through her support, we have been able to maintain a communicative and productive work environment. We are looking forward to our future joint projects and continued collaboration.

Sincerely,

Matthias Eing, ~~Dr. rer. nat~~  
Head of Operations
